OTHER

Unreal Project

As part of the STEM Scholarship program I am required to work with a team on a project related to STEM. My team and I have worked together for the part two semesters to create a horror game with Unreal Engine. Through this project I have learned a lot about the basics of Unreal Engine and Blender.

Volunteer Work

Volunteered at a local no-kill dog shelter called The Farley Foundation for over a year and a half. Helped take care of dogs and went to promotional events.
